Hillcrest Animal Clinic  
 9011 Branched Oak Road  
 Lincoln, NE 68517  
 402-785-1025  
 March 23 -May 15 2020

- Back by popular demand! Hillcrest has brought back the discounted farm calls for select days this spring. Please make sure we have a current phone number in case we need to reach you on the day of your appointment.
- Doctors Dana, Molly, and Mandy will be available to give spring vaccines, check teeth, perform dental floats, clean sheaths, get fecal samples, and draw samples for coggins test.
- We ask that owners are flexible with times as appointments may be subject to change. You will be given a range of time in which the doctor will be there.
- **The first week is for vaccine, coggins, health certificates and fecal samples only. Due to cold weather we will not be doing any dental floats or sheath cleanings. We can schedule a follow-up appointment in April/May.**
- A great way to save is to give your horse a Spring Wellness Exam during your farm call for only \$108!!!
- Please note: Any appointments that will require more time such as a lameness exam will need to be scheduled on a different day.
- If you're part of a boarding or training barn, please schedule a barn day. This can be a different day than the ones listed above if you have enough people interested.
